ENT NAVIGATION STEALTHSTATION™ S7 SYSTEM FUSION™ SYSTEM

Fusion™ ENT Navigation (StealthStation™ S7/Fusion™ Systems) - Target Audience: Customers (OR Personnel) with a StealthStation S7 or Fusion system. This course instructs on the effective use of the Fusion and StealthStation S7 systems for surgical navigation of ENT procedures. Emphasis is placed on understanding the concepts of image-guided surgery including the qualities of a scan for image-guided applications, principles of registration, and techniques of navigation. This course is held at the Medtronic Navigation Education Center in Louisville, CO and is led by our Medtronic Navigation Medical Education team. Length: 1 day / Contact Hours: 7.5*

CRANIAL NAVIGATION STEALTHSTATION™ S7 SYSTEM

Cranial Navigation (StealthStation™ S7 System) - Target Audience: Customers (OR Personnel) with a StealthStation S7 system. This course instructs on the effective use of the StealthStation S7 system for surgical navigation of cranial procedures. Emphasis is placed on understanding the concepts of image-guided surgery including the qualities of a scan, principles of registration, and techniques of navigation. Additionally, this course reviews the steps in navigated biopsy, shunt placement and tumor resection procedures with the system. This course is held in the Medtronic Navigation Education Center in Louisville, CO and is led by our Medtronic Navigation Medical Education team. Length: 2 days / Contact Hours: 14.0*

SPINE NAVIGATION STEALTHSTATION™ S7 SYSTEM

Spine Navigation (StealthStation™ S7 System) - Target Audience: Customers (OR Personnel) with a StealthStation S7 system. This course instructs on the effective use of StealthStation S7 system for surgical navigation of spine procedures. Emphasis is on understanding the concepts of navigated spine surgery, principles of patient registration, handling and care of navigated instruments, how to work safely with and around an O-arm™ imaging system, basic trouble-shooting. This course is held at the Medtronic Navigation Education Center in Louisville, CO and is led by our Medtronic Navigation Medical Education team. Length: 2 days / Contact Hours: 14.0*

*The California State Board of Registered Nursing is the credentialing agency that approves Medtronic Midas Rex as a provider of continuing education (Provider Number 13668). The nursing contact hours received by attending these workshops can be submitted to the individual's state nursing board towards the renewal of their license. Although the credentialing agency is located in California, the contact hours apply to nurses in other states as well. Contact hours will be awarded based on satisfactory completion of the entire course. Partial credit will not be given.

These programs, sponsored by Medtronic, are intended to educate and train customers regarding the approved or cleared uses of Medtronic products. As such, unapproved products or indications may not be presented or discussed during these programs. You may contact Medtronic's Office of Medical Affairs at 904-332-8511 or rs.OMASurgicalTechnologies@medtronic.com for any specific clinical questions you may have.

RX only. Refer to product instruction manuals/package inserts for instructions, warnings, precautions and contraindications.

For further information, please contact Medtronic Neurosurgery at (800) 468-9710 or consult Medtronic's website at www.medtronic.com.
